The Dragon Touch Novellas

These novellas offer glimpses into the lives of other characters within the *House of Night* world, particularly those connected to the mythology and ancient bloodlines. They often feature different protagonists and explore events that run parallel to, or intersect with, Zoey's story.

1. **The Fledgling Handbook 101: A House of Night Novel:** While technically a guide, it offers early insights into the world and can be read before or during the initial books.
2. **Dragon's Oath (Novella 1):** This novella focuses on the character of Darius and his journey, offering a historical perspective within the vampire world. It's often recommended to read this after *Chosen* (Book 5) or around the middle of the series.

Note on Novella Order: While each novella focuses on a specific character, their publication order is generally the most logical reading order if you choose to read them as a separate arc. However, some readers prefer to slot them in chronologically within the main series timeline where their events occur, which can be more complex.

Optimizing PDF readability for better user experience
