Module 1: Building and Developing Your Team

This is where the foundation of effective leadership is laid. You'll likely encounter scenarios that test your understanding of:

Recruitment and Selection

Typical Questions: How would you identify the key skills needed for a new server? What questions would you ask in an interview to assess a candidate's suitability for a fast-paced environment? How do you ensure fair and inclusive recruitment practices?

Approach: Think about the essential qualities for success in your specific pub or restaurant. Consider traits like communication, teamwork, problem-solving, and a positive attitude. For interviews, prepare behavioural questions that probe past experiences. For example, "Tell me about a time you had to deal with a difficult customer. How did you handle it?" Remember to highlight M&B's commitment to diversity and inclusion in your answers.

Onboarding and Training

Typical Questions: Describe your ideal onboarding process for a new team member. How would you ensure they understand all their responsibilities and M&B's brand values? How do you identify training needs within your existing team?

Approach: A good onboarding plan is structured, welcoming, and informative. It should cover company culture, job-specific duties, and safety procedures. Think about creating a buddy system or assigning a mentor. For training needs, consider regular one-on-one meetings, performance reviews, and observing team members in action. Look for opportunities for cross-training to build a more versatile team.

Motivation and Performance Management

Typical Questions: How do you motivate your team, especially during challenging periods? What steps would you take to address underperformance? How do you celebrate team successes?

Approach: Motivation is multifaceted. It can range from verbal praise and recognition to offering opportunities for growth and development. For underperformance, a constructive and supportive approach is key. This often involves a clear, documented conversation, setting performance improvement goals, and providing support. Celebrating successes, big or small, is crucial for team morale. Think about team lunches, shout-outs in meetings, or even small incentives.

Module 2: Driving Operational Excellence and Customer Satisfaction

This section focuses on the day-to-day running of your establishment and ensuring every guest leaves happy.

Service Standards and Quality

Typical Questions: How do you ensure consistent high standards of service across all shifts? What is your approach to handling customer complaints? How do you empower your team to resolve customer issues effectively?

Approach: Consistency is achieved through clear standards, regular training, and leading by example. For complaints, focus on listening, empathizing, and finding a resolution. Empowering your team means giving them the authority and training to handle minor issues without needing constant escalation. This builds confidence and speeds up resolution for the customer.

Health, Safety, and Food Hygiene

Typical Questions: What are the key health and safety responsibilities of a team leader? How would you conduct a risk assessment for a specific task? What procedures should be followed in case of a fire or other emergency?

Approach: This is a critical area. Your answers should demonstrate a thorough understanding of M&B's policies and relevant legislation. Be specific about hazard identification, accident reporting, and emergency

protocols. Think about preventative measures and ensuring your team is well-trained on all procedures.

Stock Management and Cost Control

Typical Questions: How do you ensure accurate stocktaking? What are some strategies for minimizing waste? How do you manage labour costs effectively?

Approach: Accurate stocktaking is fundamental. Discuss regular checks, proper storage, and minimizing discrepancies. Waste reduction can be achieved through careful ordering, portion control, and creative use of ingredients. 1. Thoroughly Understand the Purpose:

Before diving into specific questions, take time to understand *why* the workbook exists. What skills is M&B trying to cultivate in its leaders? What are the company's core values and objectives?

2. Read Meticulously:

Don't skim. Read every section, every policy reminder, and every guideline presented. Familiarize yourself with the language and terminology M&B uses.

3. Connect Theory to Practice:

This is where the real work happens. For each topic or question, ask yourself:

1. "How does this apply to my current role or a potential role?"
2. "Can I think of a real-life example (either from my experience or observed) that illustrates this point?"

3. "What are the potential consequences of not following this procedure or principle?"

4. Focus on the "Why" and "How":

When answering scenario-based questions, don't just state what you would do. Explain *why* you would take that action and *how* you would implement it. For example, instead of "I would talk to the staff member," say "I would arrange a private, one-on-one meeting with the staff member in a neutral location, at a time that minimizes disruption to service, to discuss their lateness. I would start by stating the observed behaviour, its impact on the team and service, and then listen to their perspective before collaboratively agreeing on a plan for improvement and setting clear expectations for future conduct."

5. Emphasize M&B Values and Policies:

Where possible, weave in M&B's known values (e.g., customer focus, teamwork, integrity) and specific policies. This demonstrates that you've internalized their culture and are aligned with their strategic direction.

6. Practice, Practice, Practice:

Role-play scenarios with colleagues or mentors. Discuss challenging questions and brainstorm potential solutions. The more you articulate your thoughts, the clearer they will become.

7. Seek Clarification:

If any part of the workbook is unclear, don't hesitate to ask your direct manager or trainer for clarification. Understanding the intent behind a question is crucial for providing an appropriate answer.

8. Leverage Internal Resources:

M&B likely provides access to various resources, such as HR portals, training videos, and experienced managers. Utilize these to deepen your understanding of the topics covered.
