The Birth of a Dynasty: Origin's Humble Beginnings

Before the glitz and glamour we see today, State of Origin began as a more modest affair. In 1980, the idea was born to pit the best players from New South Wales against the best from Queensland, regardless of where they were playing professionally at the time. This was a revolutionary concept, as traditionally, state selection was based on club affiliation. The inaugural series was a single match, won convincingly by New South Wales 20-12. The following year, the series expanded to two matches, with Queensland claiming their first-ever series victory. These early years were characterized by a raw, unpolished energy. The players, many of whom were unknown outside their respective states, played with an unadulterated passion. The concept of "state of origin" resonated deeply with the fans, as it meant players were playing for their home

state, their mates, and their bragging rights. The limited media coverage and less commercialized nature of the era only added to the mystique.

The Rise of the Maroons: Queensland's Golden Era

If there's one period that defines State of Origin results history, it's the era of Queensland's dominance from 1982 to 1989. Under the astute leadership of legendary coach Arthur Beetson, and with a generation of superstars like Wally Lewis, Allan Langer, and Mal Meninga, the Maroons embarked on an unprecedented run of eight consecutive series victories. This was a period where Queensland simply couldn't be beaten. Wally Lewis, in particular, became the undisputed king of Origin, earning the nickname "The King" for his mesmerizing performances. His ability to control a game, create opportunities out of nothing, and deliver in crucial moments set him apart. Allan Langer, with his blistering speed and infectious enthusiasm, was another key architect of this dynasty. Mal Meninga provided the sheer power and try-scoring prowess that intimidated opposition defenses. The Maroons' success wasn't just about individual brilliance; it was about a cohesive team unit that understood the Origin spirit. They played with a ferocity and a belief that was simply unmatched. The "banana benders" became a term of endearment for their supporters, and their winning streak became the stuff of legend. For New South Wales, this was a dark period, a time of repeated heartbreak and a desperate search for answers.

The Blues Strike Back: A Shift in Power

During this time, the "big three" of Smith, Thurston, and Lockyer (initially) were instrumental. Smith, the ultimate game manager and captain; Thurston, the creative genius with an uncanny kicking game; and Lockyer, the adaptable playmaker, formed the core of this dominant Queensland side. Billy Slater, with his electrifying speed and try-scoring ability, was the perfect finisher. This victory, often referred to as the "11th Hour," was a significant moment for the Blues, breaking a long drought.
