Understanding the APUSH Exam: Format and Expectations

Before diving into the historical content, it's crucial to understand the structure of the AP U.S. History exam. The College Board designs the exam to assess your ability to interpret primary and secondary sources, construct historical arguments, and synthesize information across different periods. The exam typically consists of:

Navigating the APUSH Curriculum: Key Themes and Periods

The AP U.S. History curriculum is organized into nine chronological periods, each with its own distinct set of themes and historical developments. A strong grasp of these periods and their overarching themes is essential for making connections across time and space.

Period 1: Native American Societies and Early European Colonization (1491-1607)

This period sets the stage, exploring the diverse Native American societies that existed before European contact and the initial motivations and consequences of European exploration and colonization. Key concepts include the Columbian Exchange, early encounters between Europeans and indigenous peoples, and the establishment of the first European settlements.

Period 2: Colonial America (1607-1754)

Focus shifts to the development of distinct colonial regions – New England, the Middle Colonies, and the Southern Colonies. Students examine the differing economies, societies, and political structures that emerged, as well as the impact of mercantilism, the Atlantic slave trade, and the Great Awakening.

Period 3: The American Revolution and the Early Republic (1754-1800)

This pivotal era covers the causes and consequences of the American Revolution, the creation of the Constitution, and the challenges of establishing a new nation. Important topics include the French and Indian War, Enlightenment ideas, the Declaration of Independence, the

Articles of Confederation, and the presidencies of Washington, Adams, and Jefferson.

Period 4: Expansion, Reform, and Sectionalism (1800-1848)

The 19th century sees rapid territorial expansion, fueled by the concept of Manifest Destiny. This period also witnesses significant social and religious reform movements, such as abolitionism, women's rights, and the Second Great Awakening. Growing sectional tensions between the North and South over issues like slavery begin to intensify.

Period 5: The Civil War and Reconstruction (1844-1877)

This period is dominated by the escalating conflict over slavery, leading to the secession of Southern states and the Civil War. The subsequent Reconstruction era grapples with rebuilding the South, defining the rights of newly freed African Americans, and the eventual rise of Jim Crow laws.

Period 6: The Gilded Age and the Progressive Era (1865-1914)

The late 19th century is characterized by rapid industrialization, urbanization, and significant immigration. The Gilded Age sees immense wealth accumulation for some, alongside widespread poverty and social inequality. The Progressive Era emerges as a response, advocating for social, economic, and political reforms.

Period 7: World Wars and the Roaring Twenties (1914-1945)

This period encompasses America's involvement in World War I, the economic boom and social upheaval of the Roaring Twenties, and the devastating impact of the Great Depression, leading to the New Deal programs of President Franklin D. Roosevelt. The nation's role in World War II is also a central focus.

Period 8: The Cold War and the Civil Rights Movement (1945-1980)

The post-war era is defined by the ideological struggle of the Cold War, the nuclear arms race, and proxy conflicts. Domestically, the Civil Rights Movement gains momentum, challenging racial segregation and discrimination. This period also sees suburbanization, counterculture movements, and social activism.

Period 9: Contemporary America (1980-Present)

The final period examines the rise of conservatism, the end of the Cold War, the impact of globalization, technological advancements, and ongoing debates about social justice, immigration, and the environment. This contemporary focus highlights the continuing evolution of American society.

The Nine Historical Periods

The APUSH course is divided into the following periods:
