I spent extra time researching solutions and collaborating with another department to meet their deadline. The customer was overjoyed, became a loyal advocate, and even left a glowing review.
3	How do you handle situations where you don't know the answer to a customer's question?	I'd be honest and say, 'That's a great question, and I want to make sure I give you the most accurate information. Let me look into that for you right away.' I would then either find the answer myself promptly or consult a colleague or supervisor, and follow up with the customer as soon as possible.
