Before we can fully appreciate Rosa Parks's actions, it's crucial to understand the social and legal landscape of the time. Segregation was not just a concept; it was a harsh reality that permeated every aspect of daily life for African Americans in the American South.

Asking students to consider this context is foundational.

1. **"Imagine you are a young African American student living in Montgomery, Alabama, in the 1950s. Describe a typical day for you, focusing on how segregation might have affected your choices, opportunities, and feelings."**

This question encourages empathy and imaginative thinking. Students can explore various aspects of segregation, such as separate schools, water fountains, transportation, and public spaces. It helps them move beyond abstract understanding to a more personal grasp of the injustice.
